Bending Reality Victoria Song, 2021-08-24 Bending Reality is the innovative process used by billionaires, tech leaders, and the world's most successful people to make the impossible . . . probable. Victoria Song teaches readers how to unlock the hidden power within their bodies to get what they want. After achieving success but lacking fulfillment as a student at Yale University and Harvard Business School, and then as a Forbes 30 Under 30 Venture Capitalist, Victoria set off on an unusual quest to study, train, and work with more than 24 of the best coaches, therapists, and healers in the world. She then deployed the skills and tools she'd learned with a diverse group of the world's highest performers. Through it all, she's discovered the codes that enable her clients to bend reality toward the directions they want. By accessing this extraordinary ability, Victoria's clients have sold a company for 4 billion dollars, grown revenue 1,000% during a pandemic, and pivoted to design a more effective COVID-19 vaccine. Victoria reveals the meta-framework behind peak performance, self-development, therapy, and meditation that is accessible for all. Whether you've studied these areas closely or this is the first book you've read on this topic, you'll have a front row seat to how the world's elite use this knowledge to achieve more while doing less. In this fast-paced guide to success, you will learn how to: Bend reality by mastering two states of being that most people aren't even aware of. Navigate change and face the unknown like the greatest leaders. Access creative downloads that artists, musicians, and geniuses receive. Make your own luck--there's literally a recipe! Find your unique zone of genius and live from it every day. Packed with powerful tools and exercises, Bending Reality will move you beyond intellectual understanding to embodiment. This is not another mindset book. You're ready for Bending Reality if you realize it's time to go beyond the mind and harness the full capacity of your consciousness to make quantum leaps in every area of your life. After learning how to bend reality, you will no longer need to memorize rules, tips, or tricks, but you will embody the essence of a remarkable leader who can make the impossible--probable.

Value-Based Pricing: Drive Sales and Boost Your Bottom Line by Creating, Communicating and Capturing Customer

Value Harry Macdivitt, Mike Wilkinson, 2011-10-17 A Groundbreaking Pricing Model for the New Business Landscape Why would any customer choose Brand X over Brand Y, regardless of price? In a word: Value. When customers feel they are getting good value from your product or service, they are more than happy to pay more—which is good news for you and your business. Even in today's global market—with its aggressive competitors, low-cost commodities, savvy consumers, and intangible digital offerings—you can outsell and outperform the rest using Value-Based Pricing. Done correctly, this method of pricing and selling helps you: Understand your customers' wants and needs Focus on what makes your company different Quantify your differences and build a value-based strategy Communicate your value directly to your customers Now more than ever, it is essential for you to reexamine the reality of the value you offer customers—and this step-by-step program shows you how. Developed by global consultants Harry Macdivitt and Mike Wilkinson, Value-Based Pricing identifies three basic elements of the Value Triad: revenue gain, cost reduction, and emotional contribution. By delivering these core values to your customers—through marketing, selling, negotiation, and pricing—you can expect an increase in profits, productivity, and consumer goodwill. These are the same value-based strategies used by major companies such as Philips, Alstom, Siemens, and Virgin Mobile. And when it comes to today's more intangible markets—such as consulting services or digital properties like e-books and music files—these value-based strategies are more important than ever. So forget about your old pricing methods based on costs and competition. Once you know your own value—and how to communicate it to others—everybody profits.

The Life Plan Jeffry S. Life, 2012-07-31 In this revolutionary book, Jeffry Life demonstrates how you too can enjoy an active, clear-headed, sexually satisfying, vigorous, and health-filled life, while avoiding late-onset diabetes, heart disease, and other common illnesses and complaints of aging.

Hansons Marathon Method Humphrey Luke, 2012-11-27 In Hansons Marathon Method, the coaches of the Hansons-Brooks Distance Project reveal the methods they've used to turn their runners into race winners, national champions, and Olympians. Hansons Marathon Method offers a radical overhaul of marathon training that promises to turn any runner into a true marathoner and help experienced marathoners set new personal bests. Hansons Marathon Method does away with mega-long runs and high-mileage weekends—two outdated traditions that make most runners miserable. Instead, runners using the Hansons method will gradually build up to the moderate-high mileage required for marathon success, spreading those miles more sensibly throughout the week. Running easy days mixed with precisely paced speed, strength, and tempo workouts, runners will steel their bodies and minds to run the hardest miles of the marathon. Both Beginner and Advanced training programs feature the unique Hansons 16-mile long run which, as part of the Hansons program, is ideal for preparing the body for the marathon. Humphrey explains how runners should set their goal race pace and shows how to customize the Hansons method to their own needs, like adding extra racing, running more miles, and handling training interruptions.

Detailed nutrition and hydration chapters help runners pinpoint their personal energy and hydration needs so they know precisely how much to eat and drink during workouts, race week, race day, and for recovery. The Hansons approach to pacing and nutrition means marathoners will never hit the wall. Hansons Marathon Method lays out the smartest marathon training program available from one of the most accomplished running groups in the nation. Using this innovative approach, runners will mold real marathon muscles, train their body to never hit the wall, and prepare to run their fastest marathon.

The Ultimate Body Rolling Workout Yamuna Zake, Stephanie Golden, 2003-12-23 Get rolling! Your body will ask for more. Created by veteran yoga teacher Yamuna Zake, body rolling is a revolutionary fitness technique that uses six- to ten-inch inflatable balls to strengthen, tone, and realign the body, while providing sensations that can surpass the bliss of a massage. Now, in the first book devoted to body rolling, Zake shares the routines that she has imparted to thousands of clients across the country, and shows you how to get on the ball--and get the body you've always wanted. The next step for fans of yoga and Pilates, body rolling is the ultimate way to streamline your figure and promote physical wellbeing without the bulked-up results of conventional workout methods. Like yoga and Pilates, these easy-to-follow, fully illustrated routines will condition and lengthen your muscles, improve core strength, and enhance posture, flexibility, and balance. But unlike those practices, body rolling also realigns your spine and joints, relieving pain and muscle tension and providing a workout, a massage, and a chiropractic session all at once. The routines can be combined for a full body workout, or abbreviated for instant relief—to ease shoulder tightness after a long workday or to enhance bedtime relaxation. The result: You will be not only stronger and more fit with a long, lean shape—you'll stand taller, you'll move more easily, and best of all, you'll feel terrific.

The Roger Federer Story Rene Stauffer, 2007 Regarded by many as the greatest tennis player in the history of the sport, this authoritative biography is based on many exclusive interviews with Federer and his family as well as the author's experience covering the international tennis circuit for many years. Completely comprehensive, it provides an informed account of the Swiss tennis star from his early days as a temperamental player on the junior circuit, through his early professional career, to his winning major tennis tournaments, including the U.S. Open and Wimbledon. Readers will appreciate the anecdotes about his early years, revel in the insider's view of the professional tennis circuit, and be inspired by this champion's rise to the top of his game.

The Staying Power of Thetis Maciej Paprocki, Gary Patrick Vos, David John Wright, 2023-04-27 In 1991, Laura Slatkin published *The Power of Thetis: Allusion and Interpretation in the Iliad*, in which she argued that Homer knowingly situated the storyworld of the *Iliad* against the backdrop of an older world of mythos by which the events in the *Iliad* are explained and given traction. Slatkin's focus was on Achilles' mother, Thetis: an ostensibly marginal and powerless goddess, Thetis nevertheless drives the plot of the *Iliad*, being allusively credited with the power to uphold or challenge the rule of Zeus. Now, almost thirty years after Slatkin's publication, this timely volume re-examines depictions and receptions of this ambiguous goddess, in works ranging from archaic Greek poetry to twenty-first century cinema. Twenty authors build upon Slatkin's readings to explore Thetis and multiple roles she played in Western literature, art, material culture, religion, and myth. Ever the shapeshifter, Thetis has been and continues to be reconceptualised: supporter or opponent of Zeus' regime, model bride or unwilling victim of Peleus' rape, good mother or child-murderess, figure of comedy or monstrous witch. Hers is an enduring power of transformation, resonating within art and literature.

Cancer Free: Your Guide to Gentle, Non-toxic Healing (Fifth Edition) Bill Henderson, 2014-11-15 About the Book If you love your stricken one, this is your Bible. said Denzel Koh of Brisbane, Australia after he healed his daughter's cancer using the information in a previous edition of this book. A cancer diagnosis always causes fear. All of us have seen relatives and friends destroyed by conventional cancer treatment. Now, thanks to books like this one and the Internet, you can quickly learn what you need to know. You can heal the cancer using natural, non-toxic substances that work. What you need is a guide to cut through the overwhelming jungle of information. This book provides that guide. The information in it has been refined over twelve years using feedback from real cancer survivors about what worked for them. Bill Henderson, one of the authors, has counseled about 4,000 cancer patients by phone and video in 64 countries. At least 3,000 of them have recovered using his information. He is not a medical professional. He is a reporter furnishing you with information that consists of what he would do if he were you or your loved one. His coaching is available to you after you have read this book, if you need it. The co-author is Dr. Carlos Garcia, a formally trained M.D. who has broken out of that mold and trained himself to be a well-informed holistic physician. His Utopia Wellness clinic in Oldsmar, Florida regularly helps Stage IV cancer patients heal themselves. Bill Henderson has published 165 free newsletters on natural cancer treatment to 38,000 subscribers all over the world, starting in 1999. The information in these newsletters has now been incorporated into this, his third book. The book is up-to-date, specific and accurate. Bill and Dr. Garcia inform you of over 140 web sites and dozens of other books and newsletters you can use to expand your knowledge of natural cancer treatment. The self-treatments they recommend are harmless enough that you can start them immediately, without more research, if you like. They do not interfere with conventional cancer therapy, if that is your choice. In fact, they offset most of the side effects of that treatment. Cancer is not a disease, says Bill. It is a reaction to what your body has experienced. Reverse those causes and the cancer goes away. Continue what you did to reverse it and it stays away. Bill explains that there are four common characteristics of all cancers. These have been known since the 1920's: 1. Low oxygen uptake by the cells. 2. A weak immune system. 3. Toxins -- usually caused by diet and dental work. 4. Acidity -- again, usually caused by diet, as well as stress and dental work. Bill Henderson's and Dr. Garcia's recommended regimen tracks with the knowledge for which Otto Warburg, a famous German doctor and researcher, won a Nobel Prize in 1931. He described the cancer cell and stressed the need to reverse the above four characteristics of the cancer in order to heal it. None of these are addressed by conventional cancer treatment. Bill's mission to help cancer patients heal started with his experience with his former wife, Marjorie. Her ovarian cancer was treated with conventional cancer treatment from 1990 to 1994, when she died. Bill is convinced that the treatment killed her. He wants to help as many people as possible avoid her fate. Dr. Garcia's mission is to help cancer

patients heal themselves starting in a controlled clinical environment and continuing at home. He has been doing this successfully for 15 years.

The Pilates Body Brooke Siler,2000-01-04 The Pilates® method may be today's hottest exercise, but it has been endorsed by physicians for almost a century. Originally developed by Joseph H. Pilates to help strengthen and condition muscles, Pilates is the ultimate mind-body exercise for anyone who wants to tone, streamline, and realign their body without the bulked-up results of more conventional workout methods. Now, in *The Pilates® Body*, author Brooke Siler--one of the most sought-after personal trainers in the country and owner of New York's top studio for Pilates training, re:AB--provides a complete, easy-to follow program of Pilates exercises that can be done anywhere, anytime, and without machines. With step-by-step instructions, Siler guides the reader through the complete circuit of mat exercises, each of which is clearly illustrated by photographs, line drawings, and unique visualization exercises. With Pilates you will not only streamline your figure--you will dramatically improve your posture, flexibility, and balance, and enhance your physical and emotional well-being. The *Pilates Body* shows you how.

Sly Moves Sylvester Stallone,2005-05-10 Are you ready to be a contender? Sylvester Stallone's action-oriented program for getting fit and eating right is also a revealing portrait of one of Hollywood's biggest stars. *Sly Moves* is more than just a handbook on fitness and nutrition. It's a provocative and candid inside look at the trials and triumphs of one of Hollywood's most famous stars. Throughout his career, Sly has always been body conscious, and as he experimented with intense training methods for various films, he has learned - often the hard way - what works and what definitely doesn't. His goal here is to help readers change harmful fitness habits, learn to counter reckless eating, and appreciate who they are even when they don't feel much like action heroes. Part 1 is a history of Sylvester Stallone's physique, as the Rocky star shares stories about his being bullied as a child, finding comfort and strength at the gym, and then later, the wild ride of fad diets, crash-training regimens and workout disasters that fringed on obsession. Part 2, *The Sly Moves* workout, outlines four exercise programs: classic, advanced, women's and hardcore. The workouts only require a commitment of about three hours a week (exactly the same amount of time Sly works out). The *Sly Moves* eating plan (Part 3) is Sly's nutrition guide, highlighted by a unique meal plan for a lifetime of good eating. Part 4 gives Sly an opportunity to inspire and encourage readers to make *Sly Moves* part of a long-term picture of health, fitness and wellbeing, with tips on everything from keeping goals and relaxation techniques to lessons learned from *The Contender*.
