Age of discrepancies Olivier Debroise, 2006 The first exhibition to offer a critical assessment of the artistic experimentation that took place in Mexico during the last three decades of the twentieth century. The show includes work by a wide range of artists, including Francis Alys, Vicente Rojo, Jimmie Durham, Helen Escobedo, Julio Galán, Felipe Ehrenberg, José Bedia, Guillermo Gómez-Peña, Francisco Toledo, Carlos Amorales, Melanie Smith, and Alejandro Jodorowsky, among many others. The edition is illustrated with 612 full-color plates of the art produced during these last three decades of the twentieth century reflect the social, political and technical developments in Mexico and ranged from painting and photography to poster design, installation, performance, experimental theatre, super-8 cinema, video, music, poetry and popular culture like the films and ephemeral actions of 'Panic' by Alejandro Jodorowsky, Pedro Friedeberg's pop art, the conceptual art, infrarealist and urban independent photography, artists books, the development of contemporary political photography, the participation of Mexican artists in Fluxus in the seventies and the contribution of Ulises Carrión to the international artist book movement and popular rock music, the pictorial battles of the eighties and the emergence of a variant of neo-conceptual art in 1990. The Poisoned Water Fernando Benítez, 1973 This first English translation makes available to English-speaking readers a powerful modern Mexican novel, first published in 1961. Fernando Benítez, well-known Mexican author, journalist, and winner of Mexico's 1968 best-book award, exploits a true but little-known incident by building it into a tightly structured, tense, and tragic novel of social protest. The incident on which the novel is based is a bloody rebellion against the village feudal master touched off by joking comment on the poisoning of the water as one of Don Ulises's men is pushed into the

plaza fountain. Feeding on itself, the rumor spreads that the boss has poisoned the local spring, and rebellion follows, with its violent and unforeseen consequences. The result is a frightening look at one of Mexico's major social problems and glaring ironies that over fifty years after a revolution fought by the peasant and for the peasant, most rural groups are still living below the national economic standard.

Mount Misery Samuel Shem, M.D.,2012-02-29 From the Laws of Mount Misery: There are no laws in psychiatry. Now, from the author of the riotous, moving, bestselling classic, *The House of God*, comes a lacerating and brilliant novel of doctors and patients in a psychiatric hospital. Mount Misery is a prestigious facility set in the rolling green hills of New England, its country club atmosphere maintained by generous corporate contributions. Dr. Roy Basch (hero of *The House of God*) is lucky enough to train there *only to discover doctors caught up in the circus of competing psychiatric theories, and patients who are often there for one main reason: they've got good insurance. From the Laws of Mount Misery: Your colleagues will hurt you more than your patients. On rounds at Mount Misery, it's not always easy for Basch to tell the patients from the doctors: Errol Cabot, the drug cowboy whose practice provides him with guinea pigs for his imaginative prescription cocktails . . . Blair Heiler, the world expert on borderlines (a diagnosis that applies to just about everybody) . . . A. K. Lowell, née Aliyah K. Lowenschteiner, whose Freudian analytic technique is so razor sharp it prohibits her from actually speaking to patients . . . And Schlomo Dove, the loony, outlandish shrink accused of having sex with a beautiful, well-to-do female patient. From the Laws of Mount Misery: Psychiatrists specialize in their defects. For Basch the practice of psychiatry soon becomes a nightmare in which psychiatrists compete with one another to find the best ways to reduce human beings to blubbling drug-addled pods, or incite them to an extreme where excessive rage is the only rational response, or tie them up in Freudian knots. And all the while, the doctors seem less interested in their patients' mental health than in a host of other things *managed care insurance money, drug company research grants and kickbacks, and their own professional advancement. From the Laws of Mount Misery: In psychiatry, first comes treatment, then comes diagnosis. What *The House of God* did for doctoring the body, *Mount Misery* does for doctoring the mind. A practicing psychiatrist, Samuel Shem brings vivid authenticity and extraordinary storytelling gifts to this long-awaited sequel, to create a novel that is laugh-out-loud hilarious, terrifying, and provocative. Filled with biting irony and a wonderful sense of the absurd, *Mount Misery* tells you everything you'll never learn in therapy. And it's a hell of a lot funnier.

Myself with Others Carlos Fuentes,2013-05-14 In *Myself with Others*, Fuentes has assembled essays reflecting three of the great elements of his work: autobiography, love of literature, and politics. They include his reflections on his beginning as a writer, his celebrated Harvard University commencement address, and his trenchant examinations of Cervantes, Gabriel

Garcia Marquez, and Borges.

Revolution in Mexico's Heartland David LaFrance, 2007-08 This carefully researched and richly detailed case study explores the most violent phase of the Mexican Revolution in the key state of Puebla. This book explains the tension between the forces that represented the modernizing centralized state and those who revolted and chose local autonomy. Because of its industry, resources, transportation, and large population during the Revolution, Puebla provides an excellent measuring stick for the rest of the nation during this conflict. David G. LaFrance examines politics, warfare, and state building within the context of autonomy, as well as the military, political, and economic changes that occurred in the name of the Revolution.

The Rabbit on the Face of the Moon Alfredo López Austin, 1996 The Rabbit on the Face of the Moon is a collection of articles on mythology in the Mesoamerican tradition by Alfredo Lopez Austin, one of the foremost scholars of ancient Mesoamerican thought. Their span is diverse: myths and names, eclipses, stars, left and right, Mexica origins, Aztec incantations, animals, and the incorporation of Christian elements into the living mythologies of Mexico. The title essay relates the Mesoamerican myth explaining why there is a rabbit on the moon's face to a Buddhist image and suggests the importance of the profound mythical concepts presented by each image. The eighteen pieces in this volume are unified by their basis in Mesoamerican tradition and provide a fascinating look into a system of millennia-old legends and beliefs.--BOOK JACKET. Name of the Dog Elmer Mendoza, 2018-07-10 AS MEXICO'S DRUG WAR DESCENDS INTO CHAOS, A GRISLY WAVE OF KILLINGS IS BEGINNING IN CULIACAN . . . AND DETECTIVE EDGAR LEFTY MENDIETA MUST FIND THE MURDERER. FROM ELMER MENDOZA, THE MASTER OF NARCO-LITERATURE (SACRAMENTO BEE) AND THE MOST IMPORTANT THING THAT'S HAPPENED TO MEXICAN LITERATURE IN THE LAST THIRTY YEARS (SUNDAY TELEGRAPH), COMES A THRILLING NOVEL THAT EXPLORES THE CORRUPT POLITICS AND DARK VIOLENCE OF THE CITY THAT MEXICO'S DRUG KINGPINS CALL HOME. It's Christmas in Culiacan and Detective Edgar Lefty Mendieta can't believe his luck: An old flame has returned with his teenage son he knew nothing about, and he couldn't be happier. But Jason Mendieta wants to follow in his father's footsteps--even as Mexico's drug war descends a slippery slope towards chaos. While Lefty pursues a lunatic who has taken to bumping off dentists with a heavy-calibre pistol, a secret agent infiltrates a meeting of the drug lords and hears Pacific Cartel boss Samantha Valdes implore her underlings to stay out of the war. But an audacious murder provokes Samantha into changing her mind and launching a grisly wave of killings across the country. There will be no quiet family Christmas for our detective, as Samantha persuades Lefty to help her find the killer that pushed everything over the

edge. The truth he discovers will underline an old adage: revenge is a dish best served cold.

The Art of Arousal Ruth K. Westheimer, 2000 The Art of Arousal brings together 120 of the most engagingly erotic paintings, sculptures, prints, and drawings from diverse eras and cultures.

The Origin of the Bible Frederick Fyvie Bruce, 2020-07 Many books have been written about the Bible, but few explain its origins. This volume provides a fascinating overview of how the Bible was first inspired, canonized, read as sacred literature, copied in ancient Hebrew and Greek manuscripts, and eventually translated into the languages of the world. No other one-volume work can match this wealth of information about the historical development of the Bible.

The Late Middle Ages Raintree Editorial S Staff, Raintree Steck-Vaughn Publishers, 1990 Examines European life between the years 1000 and 1300 focusing on the growth of cities, the development of a money-based economy, and the emergence of a Europe newly unified by a shared religion and increased trade.

Golden and Blue Like My Heart Roger Magazine, 2007-09-27 For fans of pro soccer in Mexico City, the four most popular teams represent distinct identities that embody such attributes as political power, nationalism, and working-class values. One of these teams, the Pumas, is associated with youthfulness, and its equally youthful fans take pride in the fact that their heroes have not yet been corrupted by corporate or political interests. This ethnographic study examines Puma fans' understanding of the ideal that the team represents, considers the practices they employ to express and sometimes contradict this ideal, and reveals how soccer fandom in contemporary Mexico has emerged as a nexus of tensions among competing visions of state and society. Roger Magazine takes readers inside Mexico's soccer stadiums to explore young men's participation in struggles over the future of that country's urban society. His firsthand observations of the fan clubs—las porras—yield a unique inside look at confrontations in the stands over group organization, particularly at the emergence of rebel segments within the clubs. His study offers a close-up look at ground-level struggles over social organization in contemporary urban Mexico, showing how young male fans both blindly reproduce and consciously manipulate images of violence and disorder derived from national myths about typical urban Mexican men. *Golden and Blue Like My Heart* offers a new way of understanding the dynamics of fandom while shedding new light on larger social processes and youth culture in Mexico. And with its insight into soccer culture, politico-economic transition, and masculinity, it has important and wide-reaching implications for all of Latin America.

Praised Be Our Lords Régis Debray, 2020-05-05 Régis Debray is one of France's leading intellectuals, whose life has intersected with key moments of the twentieth century. In this explosive memoir, Debray recounts his journey from Louis Althusser and the Parisian lecture theatres, to Cuba and the revolution of the 1960s. From Debray's torture and imprisonment in Bolivia while in search of Che Guevara, to the corridors of power in the Elyse Palace—where he served as advisor to President Mitterrand—*Praised Be Our Lords* is an account of an extraordinary life and an exploration of the

mechanisms of political passion.

Modernization, Exploitation, and Dependency in Latin America Joseph Alan Kahl, 1976-01-01 Scholarly discussion of the fate of the Third World has long been dominated by North American and European authors. Yet in recent years the writings of Third World social scientists have often been creative, and are worthy of more attention in the United States. This book makes the work of three outstanding Latin American sociologists readily available to the English-reading public: Gino Germani of Argentina (who has moved to Harvard University); Pablo Gonzalez Casanova of Mexico; and Fernando Henrique Cardoso of Brazil. Their major writings are summarized, and then interpreted in the context of material from extensive interviews with the authors. In these interviews, the authors explain the events--personal, professional, and political--that have had major influence on their thought. Their views range from Germani's synthesis of orthodox European and American sociology, as adapted to his detailed empirical studies of the modernization of Argentina and other countries in this hemisphere, through Gonzalez Casanova's interpretation of the forces of exploitation, internal as well as external, that dominate the Mexican political system, to Cardoso's influential revisions of Marxist theory to deal with the basic situation of dependency that shapes the range of options open to the Latin American countries, especially Brazil. These inside views of the development process often sharply diverge from the dominant opinions among outsiders. By understanding the differences, readers in the United States can gain direct insight into Latin American social reality, and can find ways of improving North American social science by bringing to the surface some unstated assumptions. One theme common to all three authors is their concern with issues that arise from policy debates: they focus on questions of practical import, rather than abstruse theoretical models. Yet they use sophisticated tools of social science that go beyond ideological rhetoric, and thus discipline political argument with scholarly rigor.

Teresa Margolles Teresa Margolles, Cuauhtémoc Medina, Taiyana Pimentel, 2009 According to press reports, 2008 was the year that more bullets were fired in the recent history of Mexico. That same year, more than 5,000 people were killed in several episodes of violence and extrajudicial activity linked to drug trafficking and its repression. Teresa Margolles, who for nearly two decades has been concerned to explore the artistic possibilities of human remains, focused his participation in the Venice Biennale 2009 in a shipment conceptual, emotional and material evidence of the violence of the streets of Mexico the decadent luxury of the art world. What else could we talk?, Is much more than the documentation of the intervention Margolles in Venice. This book brings together multiple reflection (from the testimony, narrative, historical reflection and production) on a futile crusade against drugs and its pernicious effects. More than an art book is a volume that records the complex interference between violence, aesthetics and politics that emerged in Southern culture in the early twentieth century.
